

## Welcome to the John Jermain Library Community Journal Project!

What you are holding in your hands is a book filled with the thoughts and creative energy of our community. Read through the pages that are already filled out, then start on the first blank page you come to. You can write, draw, or collage on your entry, following each book's theme. Please limit yourself to 3-5 pages. Once the book is filled, it will be added to the library collection for the community to enjoy like any other book. Eventually, these journals will end their journey in the library archive.

**Please Note: All pages must be kid-friendly, G-rated, and kind, or they will be removed. If your page is removed, a note will be placed on your library account and you will not be able to participate in future community journals. Do not write on or in any way deface the pages that came before yours.\*\***

Return this book using the outdoor library book drop when you are finished and feel free to check out another. Every library book, including these journals, is quarantined for 4 days after being returned to the book drop for the safety of staff and patrons.

Each journal is on loan for 2 weeks with automatic renewals. We ask that when you are finished, you return the book as soon as you can, so others in the community can participate.

\*\*Please keep in mind while adding to these books that they will be available to the public. You may sign your name if you wish, or remain anonymous, but a library employee will review all entries as they come in for quality purposes, and will be aware that you have just written your entry. We also ask that you respect the privacy of others and do not share identifying information unless it is your own to share. Thank you so much for participating, now enjoy being part of this town's history!
